

pH/mV Meter/Simulator

SMH-2

FEATURES

- * Mode selection for pH and mV simulation.
- * High impedance electrode simulation.
- * BNC sockets for coaxial cable connections.
- * Ideal to test and calibrate electrodes and controllers
- * Sweep only, part of the pH or mV range for accurate testing of set points.

Use the pH/mV meter and simulator together for efficient trouble shooting.

The 9 volt battery is easily replaced in a separate compartment at the back of the simulator
